

## PERMANENT RESIDENCY

Reviewed March 2011

### APPLICATION

Many fee paying students are applying for permanent residency in New Zealand. You are required to state whether you are applying for Permanent Residency. This eventual change in student status requires official documentation, such as visa or letter from Immigration, to be shown to the school.

### REFUNDS

If students gain Permanent Residency prior to 1<sup>st</sup> March, fees will be reimbursed for the rest of the year, excluding an administration fee of \$900 and the tuition charge of \$207.50 (+ GST) per week if fees are paid in full or \$260.00 (+ GST) per week if paying per term until residency is granted.

After 1st March, for that current school year all students will continue to have status as International Students with its separate guidance system.

### RE-ENROLMENT

Students are required to re-enrol for the following year.
